Bioremediation. An overview

M. Vidali

Published Online: 2009-01-01 | **DOI:** <https://doi.org/10.1351/pac200173071163>

 **FREE ACCESS**

 **DOWNLOAD PDF**

A brief outline of the development of bioremediation technologies is presented. The major features and limitations are discussed, and an overview of the current state of the

art in field applications is sketched.
