[Adam Smith](#), *Brigham Young University - Provo*

## Abstract

The purpose of this study is to document the history and the context of the formation of the Current Teaching Emphasis (2003), the Gospel Teaching and Learning Handbook (2012) within Seminary and Institute of Religion (S&I) for the Church of Jesus Christ of Latter-day Saints. The history, contained herein, clearly identifies the principles that underlie S&I's description of teaching and learning, describes how these principles differ from previous approaches, illustrates the significance of this shift, and addresses contemporary issues that influenced the increased clarity and consistency of Church leaders to S&I.
