[Journey to the ants: a story of scientific exploration.](#)

Author(s) : [Hölldobler, B.](#) ; [Wilson, E. O.](#)

Book : [Journey to the ants: a story of scientific exploration.](#) 1994 pp.x + 228 pp.

Abstract : Following the publication of their monograph on the ants in 1990, Hölldobler and Wilson have produced a book of more manageable length, with less technical language and admitted bias to topics and species on which they had worked personally, and with many personal anecdotes. The 15 chapters start with an explanation of why ants have been so successful, opening out into natural history and covering topics such as the life and death of the colony, communication, interspecific aggression, caste dominance, the origin of cooperation, social parasites, trophobionts, army ants,

of their environment. A section on how to study ants and an index are inclu
