Irrigation: theory and practice.

Author(s) : [Michael, A. M.](#)

Author Affiliation : Indian Agricultural Research Institute, New Delhi, India.

Book : [Irrigation: theory and practice.](#) 1993 pp.vi + 801 pp.

Abstract : This book covers all the areas of irrigation related to agriculture. It provides a comprehensive treatment of water resources in India, irrigation wells, irrigation measurement of water, land grading and field layout, soil-plant-water relationships, conveyance and control, water application methods and salt problems in irrigation agriculture. It also provides detailed information regarding the design and layout of irrigation practices in the field, including step-by-step procedures, and the equipment. Problems and examples are included at the end of each chapter. The subject matter is based on irrigation and water management problems.

other Afro-Asian countries where the agricultural practices are different from Western countries.
