# Discourse on Metaphysics and Other Essays

Gottfried Wilhelm Leibniz

Hackett Publishing Company (1991)

## Abstract

\_Discourse on Metaphysics and Other Essays\_ contains complete translations of the two essays that constitute the best introductions to Leibniz's complex thought: Discourse on Metaphysics of 1686 and Monadology of 1714. These are supplemented with two essays of special interest to the student of modern philosophy, On the Ultimate Origination of Things of 1697 and the Preface to his New Essays of 1703-1705.
