Some cautionary thoughts on information warfare.

Accession Number : ADA529696

Title : Some Cautionary Thoughts on Information Warfare

Descriptive Note : Journal article

Corporate Author : AIR UNIV MAXWELL AFB AL AIRPOWER JOURNAL

Personal Author(s) : DiNardo, R L ; Hughes, Daniel J

Full Text : <http://www.dtic.mil/dtic/tr/fulltext/u2/a529696.pdf>

Report Date : Jan 1995

Pagination or Media Count : 11

Abstract : This article proposes to investigate the notion of information warfare and its validity, at least as manifested in the open literature. We are well aware that there is much additional material, including the very definition of the term information warfare, lurking beneath the shroud of official secrecy. This article, therefore, will deal with basic concepts

and assumptions instead of specific capabilities and vulnerabilities that remain classified.

Descriptors : *INFORMATION WARFARE , MILITARY HISTORY , SMART WEAPONS , REPRINTS , MILITARY STRATEGY

Subject Categories : Information Science

Computer Systems Management and Standards

Military Operations, Strategy and Tactics

Countermeasures
