Light: A Masterful Symbol

[Richard Dilworth Rust](#)

Abstract

From God's first creative act recorded in Genesis to the bright Savior will return in the second coming, light is ever present in instances in the scriptures record God's use of light to further the children of Israel were led in the wilderness, and the light of the Savior's birth. None of these physical manifestations of light have the same symbolic meaning. At other points in scripture, light is used as a symbol of truth, wisdom, power, and righteousness. More important though, is that light can ultimately represent Jesus Christ himself and how he can be saved.
