Book : [A complete checklist of the birds of the world.](#) 1991 No.Ed. 2 pp.xxxiv + 6 pp. of

Abstract : This new edition represents a complete revision of the authors' authoritative checklist and incorporates all "significant" changes to bird nomenclature recorded distribution in the 6 years since compilation of the revised 1st edition. Since the original 1980 publication, some 75 specific and 50 generic names have been sunk, while only 24 new species and 34 new genera have been erected. More than another 100 or so specific names have been transferred from one genus to another.

total number of species now listed (which excludes those known to be extinct >9200. In addition, this checklist remains the only single-volume work to list Authors' names are omitted. This edition includes indices to both Latin and the lack of the latter from the 1980 (but not the 1984) printing was found by to be a serious drawback.
