Introduction to research in health, physical education, recreation, and dance.

Author(s) : [Thomas, J. R.](#) ; [Nelson, J. K.](#)

Miscellaneous : [Introduction to research in health, physical education, recreation, 1985 pp.414pp. ref.](#)

Abstract : The concepts, techniques, and processes of research are presented in sections using examples of research studies from health, physical education, and dance. Section 1 provides an overview of the research process covering research, literature review, defining the problem, and methods of research.

chapters in section 2 pertain to the need for statistics, while section 3 covers categories of research: analytical, descriptive, experimental, and creative. So examine, respectively, the role of measurement in research data, and writing a report. Appendix B includes a series of statistical computer programs for use on a microcomputer.
