Older Adults

Australasian Public Libraries and Information Services

Volume 22 Issue 3 (Sept 2009)

Stephen, Chris¹

Abstract: Australia has an increasing number of people who need accessible information as the baby boomers develop age related reading issues and so it is important to allow them to choose a suitable format. ReadHowYouWant (RHYW)

accomplishes this by producing books in a reader's format of choice at the date of publication and for a fair price.
