An economic geography of China.

Author(s) : [TREGGAR, T. R.](#)

Book : [An economic geography of China.](#) 1970 pp.xii + 275 pp. ref.

Abstract : The main body of the study is devoted to agriculture. Chapter 3 is a review of contemporary agricultural development which describes the collection of data on agriculture and farm planning. Chapter 4 focuses on agricultural production on arable area. Water conservation, which is the key to increased production, is discussed in some detail, and expansion of irrigation, use of fertilizers and improved seeds are shown to have substantially increased yields. A description of agricultural regions is given in Chapter 5 of agricultural regions. This is divided into two parts: pastoral farming and intensive farming. Chapter 10 is devoted to a descriptive analysis of agriculture in Ta
