 **Economics of food retailing.**Author(s) : [PADBERG, D. I.](#)Book : [Economics of food retailing.](#) 1968 pp.292 pp.

Abstract : The organization of the US food industry, competition and decision-making are considered. Part I deals with market structure, efficiency and growth aspects of the industry. Part II analyzes price competition and non-price competition, i.e. trade. Part III examines costs and returns and the competitive performance of different food retailers. K.B.
