Date: 1989

Abstract:

A stimulating and thoroughly entertaining look at the rapid countdown to the year 2000, the Panic Encyclopedia argues that in the postmodern era, science, and technology are the real language of power and illusion, resulting culture through a post-alphabetical listing of “panics”—from Panic Art to Panic Zombies, and Panic Elvis, Panic Psychoanalysis, and Panic Sex. Humorously embracing newspaper and media epistemologies and philosophers from Hegel to McLuhan, the text chronicles the implosion of the modern world into singularity.
