SUMMARY

 Download | Save

Benze portrays Nancy Reagan as a forceful presence behind the Oval

Office's closed doors, unafraid to take on Donald Regan or Oliver North. He

documents her clear influence on presidential appointments, links her quirky

penchant for astrology to her show-business past, and traces the creation

pp. ix-x

of the "Just Say No" program to her years in Sacramento, showing that it

far exceeded the public-relations motivation that her detractors claimed.
