Environmental and social impact assessment: an introduction.

Author(s) : [Barrow, C. J.](#)

Author Affiliation : Centre for Development Studies, University of Wales, Swansea

Book : [Environmental and social impact assessment: an introduction.](#) 1997 pp.vii

Abstract : An examination is presented of the tools and approaches that are used to ensure that the process of development follows the best possible course. It covers the concepts, methods and practice of impact assessment and outlines its capabilities, characteristics and limitations. The book covers both environmental and social impact assessment and emphasizes the importance of their use early in the decision-making process.

process. Ten chapters present: an introduction; techniques that support impact assessment; impact assessment: role and relationship with planning, policy, management; the impact assessment process; techniques and methods; the impact assessment and its spread; impact assessment in developing countries; impact assessment; impact assessment in practice; and problems, challenges and future of impact assessment.
