## Secrets of Your Leadership Success: The 11 Indispensable E's of a Leader

**M. S. Rao**, *MSR Leadership Consultants*

### Abstract

Professor Rao has used his experiences in organizational systems for true leadership. In developing the 11 E's — from Enthusiasm to Empathy — he attempts to identify the traits characteristically and uniformly exhibited by successful leaders. While each component may be descriptive of a recognized leadership organization, successful principled leadership mandates the adoption of all the enumerated traits.
